“ Daddy, I did not know, Monday, July 13 @8:14p would be our last conversation, I know you didnt sound like you normally do. how I wish I would have save voicemail you would leave on my phone.Daddy you just slipped away from us. Im going to miss you laughing when I would say things to make you laugh and you sayin Gul you crazy and you laugh and we end with I love(I will hear those words from you again, but I pray and I hope that you heard me, I believe you will cause of our deep connection, we will forever be twins. Im so glad I cook Father's Day Dinner, and was so delighted and eager to make it happen, especially the squash casserole that you loved so much; you said thank you and everything was delicious. Daddy you were the best dad a girl could ever have and I so grateful that GOD chose as my dad, you gave us the best of you, never complaining, so content with whatever. You did anything I would ask you do to. Thank for teaching my Pooh, your Scooter, Shaquille about GOD and always to treat people right no matter how they treat you. I am so glad GOD allowed you to be here to see your 1st great grandson, Zyonn; the bond you to share will never be forgotten because I will share with all about the love you had for him and how you was over joyed with his presence. Daddy, we wasnt ready for you

to leave us, but I know you had to answer GOD's call. Seeing you lying there so peaceful help to know that you didnt suffer and went peacefully sleeping. This is a pain and I never felt before and it hurt so bad, but I know that GOD will get us through this and Daddy we got your Sweetheart of 56 years, we going take good care of her, but of course you already know how we take care of our Queen. Your grandchildren love you sooo much, its so unbelievable for them but they said they know you at peace by the smile on your face. Take your rest Daddy, until we meet again.

Your love is forever etched in my Heart!!! Love FAT
