“ Your memories will forever live on. You have impacted so many lives. I talk to people to just laugh and to remember and to remind me of your greatness. I am going to miss you dearly and I will never forget the lessons you taught me. I hate this happen but I am going to make sure I teach the principles and concepts you wanted for Braxton. Your legacy will forever live on. The burden in my heart will take time to get over but with God self healing I know everything will be ok. You would always say I wouldn't have nothing to worry about and I believe those words because the people you impacted and loved dearly has only showed that same love towards me.

You my friend, whom we had the pleasure of knowing for 1 1/2 years were definitely a bright light shining. You made us laugh, smile and never disappointed us on the jobs we had you on. You were so special, Tim and I appreciated your dedication, caring soul for being a part of our lives. You are truly missed.

“ Dwayne and I became fast friends as my mother and he worked together. He was not only one of the most genuine and chivalrous men I have met but his heart shone out of his eyes and smile like the sun. I remember going thru a terrible low moment a d without thinking he hugged me and said you are in gods light you just need to keep on and be as positive as you can . Tomorrow will be better I promise. His love of life and bright disposition was infectious and those who knew him, worked with or just met him wanted to be around him for just that reason. I feel blessed for the short time I did have him in my life. All of my love sweet man your wings can be heard on the wind and your hug from the warmth of the sun. We will all miss you. Love your sista!
