“ *Every time I came into town and I was able to see her. I loved to make her laugh to see her smile. She called me Rob's baby (Robert Miller is my dad). I loved her and her warm hugs. She will be truly missed. Praying for all of my family 🙏.*

Love you all,

Amy Miller

“ *Cousin Annie was my cousin. She was always so happy to see us when we came into town. She was so full of love so friendly so welcoming. I already miss her knowing that I won't see her face in that same way again. I am also grateful knowing that I was apart of her life as family, knowing the memory of her smile, knowing the love she had for me and my siblings, knowing that she honestly cared when she asked me about my mom. My condolences to my family and my encouragement to my family that we had such a gift for a little while, or in the words of the Bible, during her vapor.*

“ *To my family, I love you. You all are in my prayers and in my heart. our grandmother, Dovie, always said be there for each other. My, aunt Annie Ruth, had a great sense of humor, could sing, was a great cook, especially, her homemade bananas pudding. I love you Auntie and will miss you terribly. In Proverb 31, it speaks of the virtuous women, this is truly an example of your life, a loving mother, wonderful sister, loving Aunt and a loyal friend. Again, I love you Annie you will always be in my heart and in my greatest memories. Lovingly, Gale Hambrick (oldest niece)*

“Annie Ruth Carter was my sister. She was a few years younger than me. As children we lived a long ways from our neighbors and so Annie and I learned to play with each other. For 4 years it was only me and her. We bonded early as sisters and spent a lot of fun times together. As children we attended Trinity Methodist Church. When we became young adults we left Trinity Church and joined Floyd Chapel Church. We didn't tell anyone that we were joining the church. As we grew older we visited each other and remained close. We talked on the phone a lot. I will miss my sister, my friend and i thank God for her. She was a loving and caring person. She loved her children and they loved her as well. I will think of her often for in my heart she will always be. Love you Annie Ruth. Big sister, Ethel Hambrick

“Annie Ruth Carter was my older sister, a few years older. We spent a lot of time together as children and growing up. We would catch the Greyhound bus and go down town to Keslers and Rich's and three Sisters. We would catch the bus to go to get our hair done at Jean's Beauty Shop. We didn't have a car. We worked together at Catfish King. As grownups we spent a lot of time talking on the phone and if you know Annie you know i meant we spent a lot of time on the phone. I will miss Annie and i thank the Lord for her being my Sister and my friend. People often mistook us for each other. To her children and grandchildren God bless you all. You were very loyal and loving to your mother and she loved all of you too. Sincerely, Berth Smith Elva.

“ Ms. Carter had such a gentle and caring spirit. She left a light wherever she walked. Her light continues to shine through her children. She was always smiling. When I think of Ms. Carter I will always remember her beautiful smile and sweet voice. When I look at my dear friend Karen I will remember Ms. Carter. Farewell, my good and faithful servant, you fought a good fight, you finished the race, now you shall wear your crown!

“ Annie Ruth Carter was my 2nd oldest sister. She was a very faithful and spirit filled woman. She was a very caring and forgiving person. She was even nice and forgiving of people who were mean to her. One thing i learned from her was to not only trust God but most of all to obey God and to be an example to others as a true Christian person. So blessed to have had her as my Sister, a bond that will never be broken.... I love you Annie.... Patricia. Smith Norwood

To my beloved Sister n law Annie Ruth Smith Carter. You loved God and loved all people. Remember you telling me that how we have to love those who don't love us. They have to answer to God but you have to forgive them and let God take care of it. You talked about hardships and how God brought you thorough every time. I'll miss your pleasant smile and updates about news on what's going on in the world. I miss your entertainment of laughter when something was so funny to you. I'll always ponder in my heart your words of wisdom on any subject that came up in our conversations. I'll remember our last time together laughing, talking and waiting on Janice and Willie Clarence to return with the food because we were so hungry. We had talked so much we had a big appetite. That was just two weeks ago. The white navy beans that your brother loves so much will always be missing your touch. Truly, missing your love toward me and welcome me in the family. You always asked about all the children, grandchildren and great grandchildren and my sisters and brothers. Also, our last time praying together On March 29. Also, your words to come by some time and take you riding because you like to go riding. Well, my dear sister, sweet comfort, rest and peace in the garden of love of our Heavenly Father. Loving memories...Sister n law...Merry Christina Smith

Annie Ruth and I was connected by our hearts. We had a strong bond as sister and brother. I want to thank God for the good times we had together. I love her so much. I will always remember her. She raised five children, she was a very strong and faithful woman. And they were there for her in her time of need. What a wonderful filling and blessing. May she rest in peace.her brother WILLIE Clarence Smith.

My Mom was our superwoman of the family. She was a single parent and basically raised all five kids and seven grandchildren. My Mom was smarter than a fifth grader, even though she only furthered her education to the ninth grade. She eventually went back to school at Atlanta Area Technical College to obtain her Managers Certificate and became a Manager in Environmental Services Department at Crawford Long Emory Hospital. She was an huge impact in my Son's Kaleb early educational years by preparing him for all the spelling bees he use to be a part of growing up. She also prepared him by giving him thousands of math problems to do while she cared for him. That's one of the reasons why my Son Kaleb is so good at math today. She helped lay the foundation for him and all her kids and grand kids. Family I want you all to know our superwoman has only left earth physically and she is in a better place spiritually. We will continue to remember all the good times with thoughts and pictures we shared of you.

"WE ALL LOVE YOU MOM UNTIL WE MEET AGAIN"
