“ To my Big Brother Tron, I have yet been able to express my feelings because I still in AHHHH!!! This is such a hard pill to swallow. Anthron I think about you everyday. We could never get to spend enough time as we got older. I know you were one the hardest working man I knew. However Brother I cant ever forget the good times we did share and some not so good times. GOD knew we did share a special bond in our relationship that no one knew of but US and of course GOD. I wish there would have been more time for us to talk and get closer to each other about one another. We come from the same bloodline and no one could ever break that. I am never, ever going to take it for granted the things that we did share for the good. GOD knew the beginning of your time and the physical time in this earthly realm. Your spirit will always live with me knowing that you could not find that certain peace that you were truly looking for. You are there with your FATHER now and I know you know as well as see the truth about everything. Your soul is at REST. Brother I LOVE YOU SO MUCH that words can not express. I am going to do my best to find that you were looking for through what GOD is going to do in my LIFE. Thank you GOD for allowing Anthron 49yrs of LIFE here with my Mother (Sylvia) Father (Aranz) Baby Brother (Willis) and myself (sister Twan). There is so much I could say about you Anthron, when now I know you are GREAT with my FATHER IN HEAVEN, I am satisfied. JOB WELL DONE MY GOOD and FAITHFUL SERVANT!!!!

Your SISTER Twandralla Culberson

“ Anthron,

It took me a while to bring myself to write this. When we first met. I didn't know you would be this special to me...your selfless love and infectious laughter will be what I'll miss the most. Always giving so much of yourself to others. You have always been my biggest supporter. My heart is broken because I'm missing you dearly...I will hold you always near to my heart. Thank you for everything you were to me and the kids. Until we meet again Tron.

❤️ Dekka

*I really am at a loss for words but I would be remiss if I did not say something about this wonderful human being. Such a sweet, thoughtful, caring, funny, hardworking man. There was never a time that I talked to him that he did not have me laughing almost to tears. I am so sorry to hear of your passing. I am fortunate enough that you passed through my life during the short time you were here. Rest in sweet peace my friend. I will never forget you.

“ Anthron, This message is from Willie and Patricia Norwood. You were such a nice person. Full of life and always smiling. We always enjoyed you coming to our home. You were always respectful, kind, giving and very mature for your age and loving. Anthron you are gone to soon. Prayerfully, by God's grace and help we will live our life in a christian manner so that we can meet you on the other side. To Sylvia, You should be proud of yourself. You raised three beautiful children, inside and out. They all had/have your personality, friendly and happy. and kind. Our prayers and condolences go out to the family. We pray that God will be with you all and restore your inner peace. Much love to you all.

“ Hey Anthron

No matter what caused your fight, God said "Job well done", no need for the mental and physical stress, your battle, you won. Whether if it was genuine or the latter, you see now who was on which side but nevertheless you always came to help those in need. We can always say we needed more time, but our time was worth it but you were needed more by a greater Divine. I'm so happy that your eyes are clear and we thank you for everything you've done and principles you've instilled. Whether or not be it friend or foe, those will be blessed, while we always reap what we sow. Don't worry about anything on this Earth, man will take care of itself for the Creator will always make it where we in the end have to deal and face ourself. This is not a goodbye, but we'll see you later. Just be at those doors when the genuine is there to meet Paul and the Creator. We will always remember you and your smile. Handle our business but make time relax. There are so many things that we can learn from your life. I'll accept all of it with strive. Never goodbye but see you later. Until next time my friend, I believe I'll see you later. We will keep your legacy strong, my boys will make you proud, my mom will always love you, and I always have and will respect you for the man that you were. Thank you for being apart of our lives. It may have been for a season, but the memories will be for a lifetime and always a reason.
