“ To my big girl , we’re going to miss you . My nana was the most caring , sweetest , silliest person I’ve ever met . She didn’t play either tho lol, she’ll set you straight in the most caring way possible lol. Her intentions were always so pure. She always looked to help and be there for others before she cared for herself . She touched people every where she went . Although you left us physically, we all have a special piece of something you left with us to remember you by. We’ll miss you big girl 💕💕💕 .

“ *First and foremost I want to give my Condolences & Prayers to the Family. I've never called Ms.Ellen by her name I called her Mom although she wasn't my Mother but it was a thing for me and out of respect. To Neek and the Family just know God doesn't make mistakes and Mom she's in a better place it's a long road ahead but just know God has His Hands on you all I Pray for your strength and remember God Loves you all and so do from Shawn and The Stegall/ McCrary & McDowell Family*

“ *Although I only had the pleasure of meeting you in person once, you embraced me with so much love & acceptance that it felt like we had known one another for a lifetime. I hated to say “see you later” that night and it hurts to say it now. I wish we had more time. You will forever have touched my heart. Sleep peacefully until we meet again.*

“ My Sis, my love, my rock, my strength, my shoulder to lean on. You have always kept your heart , arms, love, and home open for me whenever or where ever I needed you and I might not have said or shown it enough, but I truly need to let you know how much you have meant to me as a sister, friend, supporter, and shoulder to lean on. I love, love, love you sis and I am going to truly miss you. With all my love family stay strong, lean on and support each other because that is what she would want. "What we have once enjoyed we can never lose. All that we love deeply becomes a part of us.

“ To my sisters...I am praying for you all...please know that I am here if you need anything. Mother Williams...Thank you all the love and encouragement you have given me over the years. Thank you for my jacket that you gave me on EASTER...I now view it as your "covering/protection." Your love and guidance have helped generations of children and you adults...and for that...we THANK you. Your memory will live forever! I know you're up in Heaven...got the angels singing all of your favorite songs! I love and miss you Ma!❤️
