“ There are two moments that I will never forget. The moment we met, and the moment of your last breath. I'll always remember you sis because they'll never be another one of you in our hearts, and the love we will always have for you. I can no longer see you with my eyes or touch you with my hands, but I will feel you in my heart forever. With loving memories your sister Lena.

“ From the first day I met you I knew you were special. You renewed Henry's spirit and won our hearts. Those special memories of you will always bring a smile. It broke our hearts to lose you and you did not go alone for part of us went with you the day God called you home. The fact that you are no longer here will always cause me pain but you are forever in my heart until we meet again, with loving memories your sister Carolyn.
