“ *Our friendship began back in the '80s, from the 4th Avenue Projects to the many miles I drove to FCI just to see about you when you needed a friend most. You were, and always will be, special to me. I'm so glad we both knew we held a special place in each other's hearts.*

If I had known the last time I would see you was at my 50th birthday party, I would have showered you with even more love. But please know I always have loved you, and I always will. You will truly be missed.

Rest easy, Redd. Your job here is done. You meant so much to me and to so many of us in Tallahassee.

SIP, my friend.
