“ *Jimmy,
I've tried so many time since you left us to write a note to tell you how you impacted my life, but the truth is - you knew that while you were here with us. We never left anything unsaid between us.* ”

I know you are in heaven. I know you have no more pain. I know you are at peace. But most of all I know you found Aunt Sissie immediately and the two of you are back together. I miss you both so much.

I love you. I carry you with me always. Thank you for being all that you are to me and pouring your wisdom into me.

“ Hey Dad,

I miss you, I'm not sure when my heart will stop aching nor when the tears will stop flowing. All I truly know right now is that you will live in my heart FOREVER.

I am beyond grateful for your presence and love, you were an amazing man and father. Your son has your amazing spirit, I am grateful we have a mini you to remind us of your BIG heart.

I wish we had more time, I wish we could have hugged you, I wish we could have heard your voice just one more time, etc. I feel robbed on many levels, but I know you guided me the last few days so I shall take comfort in knowing you were present.

I love you, I miss you, and I am sad and still trying to make sense of it all.

You LOVED your family, you LOVED having us around you, so just know that we will gather in honor frequently as a way to heal the hole in our hearts and keep your memory alive.

Dad, I love you.

*Your Favorite Daughter-in-Law,
Lisa Osborne*
