“ I’m completely stunned still, sis, but I have comfort in knowing how much you loved God and served our Father and now he has welcomed his good and faithful servant home. You wee the greatest fried with the biggest heart and we had major fun. My most important memory is when you helped me become closer to God, and I was Baptized at First Rephidim as well as having my baby dedicated to God. You helped me secure our place in God’s kingdom. I love you and I remember your happiest time being not just being a constant in your mom’s life, but when you became Anthony and Angel’s mom. You have left a mark in this world and solidified placement of souls for the kingdom. I love you so much and will miss your physical presende in this world, so much! Rest well sis, you have earned your peace and wings!
