“ DJ and a family, your mom was a wonderful caring lady and will be missed by all. She truly cared about everyone and took such good care of John in after school during his elementary years. You're such an amazing young man to have come back from college to help out your family during your mom's last few years. I hope at some time God will help you and give you the strength to continue the journey you started. I remember her coming in the office and talking about you being away at college and the big smile on her face. She loved her family and everyone around her. My prayers go out to you and your family during this most difficult time.
