Of all the years I've know " Miss " Laura and her late husband, I was shown nothing but kindness and loving spirit. I think about the many times I'd come to her house and she was always busy doing something around the house and doing what a mother does best. I don't think I ever saw her when she wasn't smiling, laughing or just enjoying life. Many times " Mr. Bear " would tell us stories of how it was when he was growing up and they always instilled the best in their children and expected nothing less from their kids. Many times I sat on her porch and If I wanted something from her after playing Basketball with the guys in the hood, she would offer it with her smile. Willie James, Annie Ruth and Eva Mae, thank You all for sharing her and Your dad with all of us and thank Ya'll for the memories we shared back in the day. She will surely be missed, but I'll always treasure their loving kindness shown to me....Rest easy Miss Laura and Bear Your work done here was not in vain and Ya'll left something for the next generation to always be proud of.
