“ Nancy and I were coworkers at the Environmental Protection Agency. We became good friends/my mother at the Agency. We shared so much! She all ways talked about her two sons. We still communicated when she left the Agency and moved to Georgia. I truly ml truly miss her birthday, Christmas, and well wishes from her. Rest in peace my dear Nancy.

“ Dear Mrs Nancy,
My heart aches. I have tried calling you for months and I had no ideal that you had gone on home to the Lord. Rest well my dear friend. You will always hold a special place in my heart .
I love you
