“ *Bob and I were fellow vice chancellors at UNC Charlotte, I served on his trustee board at JCSU, he served as a trustee on my board at Warren Wilson College and he did the official introduction of me at my inauguration as president of Warren Wilson College. I had no finer friend and colleague. His legacy of leadership at JCSU and for Charlotte endures as he was a master builder for both. - Dr. Doug Orr, President Emeritus, Warren Wilson College.*

“ *I have very fond memories of Dr. Albright when he was at UNCC as the Vice Chancellor for Student Affairs. He was a strong advocate for the Student Affairs Division and we appreciated it greatly. He provided strong leadership to the division and was truly a leader.*

He truly made his own mark on this earth. Blessings to his family. He was a gift.

“ I shall always have fond memories of Dr. Albright as a "visionary"...in terms of his concern for others, his passion for education, and that fluid speaking ability. Associate Professor Charles D. Rogers, Art Education. (1972---2000)

“ I was saddened to hear the loss of Dr. Albright. He was President of Johnson C. Smith University during my time of 1988-1992. He was always available to talk with students and hear our concerns. I will never forget the great supportive relationship I had with him and the sincerity he showed for me too in one particular instance. I send my prayers to his family and he will never be forgotten.

“ I had the honor to travel to China as the scholar-interpreter for Dr. Albright and a delegation of HBCU presidents the Reagan administration sent to China to establish educational exchange agreements in 1984. I enjoyed the opportunity to work with Dr. Albright and Johnson C. Smith University and other HBCU presidents in establishing and developing relationships with universities in China. He became a mentor for years as I pursued my academic career. My thoughts are with his family and the Johnson C. Smith community. Dr. Cheryl L. Brown, UNC Charlotte, Charlotte, NC

I like at the two words effect and affect and will be examining to add to my word usage correctly. It seems to me Dr. Albright had both both good affect and effect for many. With respectful humor I will say, he apparently was, ALL BRIGHT. Respectfully. Richard E. “ I am so sad to learn about the passing of Dr. Albright. He was the President of Johnson C. Smith University while I attended. He had a very warm smile and spirit. I ran into him on a random getaway at the Atlanta airport after my graduation and he was the same. I saw him last at a Johnson C. Smith University Homecoming a few years ago. Sorry to hear about the passing of Dr. Albright. He was a scholar and a gentleman. He persuaded everyone--students, faculty and staff to present themselves the same way.

During his tenure at JCSU, he exposed all to networking, research, goal setting, study, travel abroad and many other life-changing opportunities. He may be gone but not forgotten as graduates, friends and family will remember what he did and stood for.

*Rest in Power as you touched and influenced the lives of many,
Rest in Paradise as you are in a better and I believe a more beautiful place.*

Rest in Peace, for you have labored and cultivated the hearts and minds of many.

My deepest sympathies are extended to the family and friends of Dr. Albright.
