

Shawn Lakisha Favors

April 4, 1974 - March 23, 2021

Shawn Favors was a sister, aunt, friend and an amazing soul. She lived life on her terms. Not allowing anything to stop her from enjoying the moment. Even in her last days, she was still trying to work and enjoy every activity that she could. She had a heart of gold and the smile to match it. She leaves behind a family and large group of friends who love her dearly. She will be missed but we could not ask for a better guardian Angel.

Rest in paradise my sister. Until we meet again, know that you will be loved and remembered until my last breath.

“ *The coffee lady is what I called her. I believed she tried every flavor there was. She would come in and pour out the regular decaf and brew her own special blend of coffee. She was always willing to share a cup of cup, creamer and smile with others.*
